

## Making Money with Cash Crate

My name is Suzanne Morrison and I would like to thank you for joining [Cash Crate](#), one of my favourite free money making programs.

I like Cash Crate because it is free and it is easy to start making money from, regardless of your skills, your age or the country you live in.

There are two ways for you to make money with Cash Crate and it is entirely up to you whether you participate in one of these methods or both.

In this short report I will give you a step by step plan for making money from Cash Crate.

### *1. Getting Started*

- Start by logging in to Cash Crate
- First things first – click on the “Account” link and check that your name and address is correct. You want to make sure that those payments get to you – right? You can also set a minimum payment if you wish. If you live outside the USA and it costs you money to cash US dollar checks it is wise to set this to a reasonable amount. I live in the UK and I have set my minimum payout to \$100. The lowest minimum amount is \$10.
- Read the FAQ by clicking on the FAQ link – it is very short so shouldn’t take you long. You may also want to register in the Cash Crate forum by clicking on the forum link and read the extended FAQ here - <http://forums.cashcrate.com/showthread.php?t=9399> . There are also lots of other interesting topics in the forum and you can ask any questions you have about Cash Crate here.

## ***2. Completing Offers for Money***

This is the easiest way to start making money. Even if you intend to make money only from referring others it is worth completing a few offers for cash to give you an understanding of what you are recommending to other people.

- Login to Cash Crate at <http://www.cashcrate.com> and click on the “Offers” link
- You will hopefully see lots of offers with the payment for each offer alongside the description. If you live in the USA you will see a lot of offers but if you are from another country you may find that there are not as many offers. I am in the UK and found around 5 pages of offers when I first joined. If you are from a country where there are little or no offers, don’t despair – you can still make money from Cash Crate. Just read the “Referring Others to Cash Crate” below.
- The next step is to start completing as many offers as you would like. Most offers involve completing a short survey or answering some questions. You need to answer the questions truthfully to ensure that you get credit for them. Once you have completed an offer press the “Submit” button in Cash Crate and you will be credited for your offer.
- If you are in the USA do the daily survey each day to earn a guaranteed \$24 per month (0.80 a day)

### **A few things to note:**

- Some people are concerned about giving personal information to advertisers, but I have found all the companies that I have completed offers for to date to be reputable and haven’t received any unwanted emails, phone calls or junk mail as a result. If you are concerned you can always use a separate email address for completing offers e.g. from Yahoo or Hotmail.
- Some offers do require a credit card. You can choose to ignore all these offers if you prefer, but if you do decide to complete these offers be sure to keep a note of them so you can cancel after the free trial period if necessary.

### ***3. Referring Others to Cash Crate***

If you want to make big money with Cash Crate you need to start referring other people. The good news is this is easy to do because Cash Crate is completely FREE.

- Login to Cash Crate and click on the “Referral Info” link. Scroll down to the bottom of the page and you will see your referral link. It will look something like this - <http://cashcrate.com/307503>
- This is the link you need to use to refer other people to Cash Crate. If anyone signs up under you, you will earn up to 25% of the payment for any offers that they complete + bonuses.

If you have your own website you can also get a copy of my Cash Crate promotional page to help you get some signups - <http://www.homebiz-direct.com/cashcrate.html> . Just send me an email.

There are lots of ways that you can refer other people to Cash Crate. If you have a website and/or a list, the first thing you should do is add a banner or a link to your website and send out an email inviting people on your list to join. As it is a free opportunity you should have no problem getting signups.

I imagine that most of the people reading this do not have a website of their own so I am going to outline a very easy technique for promoting CashCrate using free Traffic Exchanges. Read on to find out more about how to do this.

## 4. Promoting Cash Crate on Traffic Exchanges

You may or may not have heard of Traffic Exchanges, but if not, they are a good way to advertise an opportunity for free. A traffic exchange allows you to earn credits in return for viewing other people's web pages (aka surfing) for a certain length of time (usually 10-20 seconds). You can then use your credits to advertise your own web pages, banners or text links.

Here are some step by step instructions for you to help you promote Cash Crate on Traffic Exchanges. The aim of this is to earn you credits in the best traffic exchanges and allow you to get referrals for Cash Crate while at the same time building your downline.

**STEP ONE:** If you don't know what a traffic exchange is read my [Introduction to Traffic Exchanges](#) here

**STEP TWO:** [Join Traffic Hoopla](#) for free. This will show you the current top traffic exchanges and help you to build a downline.

**STEP THREE:** Login to Traffic Hoopla and click the "1st Join" button. Join the top 5 Traffic Exchanges in the list. As you join them, enter your referral IDs in Traffic Hoopla and save them.

**STEP FOUR:** This is the most time consuming part and will probably take you about 1-2 hours. You need to familiarise yourself with each of the 5 traffic exchanges that you have joined. You will need to enter a URL to promote and you will normally have to surf 10-20 pages to activate your account. For the URL, you want to choose a combination of a) Cash Crate and b) A Traffic Hoopla Splash page. This will allow you to build your downline in the traffic exchanges (via Traffic Hoopla) and get some referrals for Cashcrate.

Note – Login to Cash Crate to get your CashCrate referral URL. For the Traffic Hoopla splash pages, login to Traffic Hoopla and click the link on the home page that says "you may also use these pages"

5. **STEP FIVE:** On a daily basis, open 6 tabs inside a browser and spend about 20-30 minutes surfing all 5 of these traffic exchanges at one time. This will earn you credits and as you earn credits your own URLs will be shown.

Repeat step 5 as often as possible. Your credits will grow and you will get more exposure. At the same time your downline should grow and you will be able to surf less as you will earn credits from your downline.

Traffic exchanges were one of the first advertising methods that I used when I started internet marketing back in 2004. As a result I have hundreds of people in my downlines for these exchanges and I never need to surf myself. If you work on this you can easily find yourself in the same situation!

Put aside at least an hour each day, more if can, to complete offers or promote Cash Crate and you will start to see results. Monitor your progress by logging in to <http://www.cashcrate.com> and clicking on the "Referral Info" link to see how many people you have referred and how much money you have earned to date.

Please feel free to give away this report to members of your own Cash Crate downline. You can either email them this report directly by saving the report to your computer and attaching it to an email or just provide them with the link:
